PAYMENT AND REFUNDS

Camps must be prepaid in full to secure place. Refunds for the full amount will be offered until February 28, 2025. After that date, no refunds for any value will be provided with the only exception being withdrawing due to injury preventing dance ability. There will be no refund or fee adjustments for missed days due to illness/other conflicts. Any time/days lost due to camp closure for severe winter weather conditions is not refundable but can be a credit to use as make-up classes at future enrollment (one day of camp will equal three hours of lesson or rental time, private lessons excluded). Credits are valid until March 1, 2026. Drop-in/daily rates are not refundable at any time and must be pre-paid before the start of the camp day attended. All other normal [Rising Tide payment policies](#) apply with the exception that new camp dancers are not required to buy/rent Rising Tide shirts, socks or costumes.

REGISTRATION BONUSES

After camp, new dancers to Rising Tide that register for the remainder of the dance year, or for September 2025 will receive 15 per cent off four months (or to end of current year) of annual tuition. Current Rising Tide dancers that participate in camp will be entitled to five make-up/drop-in classes free of charge (to be used by March 1, 2026).

WHAT TO BRING

Dancers should wear/bring athletic style clothing that they're comfortable to move in and that won't find distracting. Dancers in the new-to-dance camp may wear sock feet or simple, cloth dance slippers. We often recommend Twiggz locally for basic, black dance slippers. Dancers in the advanced camp should bring all of their regular dance shoes, socks and accessories (ie. tape).

Dancers should bring a full water bottle, lunch and snacks each day. There is access to a fridge, freezer, kettle and microwave. However, space is limited so please keep that in mind.

REGISTRATION AND WAIVERS

All camp attendees need to register through Rising Tide's online registration program, Uplifter. Once an account is created, navigate to [Registration>Extra Programs](#). Scroll down or use the search function to find camps. Follow the prompts to complete your registration and sign waivers. Early drop-off/delayed pick-up fees can be found by doing a search on the [Products page](#). Alternatively, any drop-off/pick-up fees owing will be invoiced to your Uplifter account following the end of camp.

Camps must be paid in full to secure your spot. Therefore we recommend paying online by credit card, however, offline options are available at studio during lesson hours. Please note that no refunds are offered after February 28. Registered dancers who have indicated an offline payment whose invoice is outstanding will still be expected to pay and will not be entitled to a withdrawal.
